

## **Statement**

**Jared LeBlanc CNMT, CNMT (CT), RT(N)**

I feel as though this Secretary position has and will continue to be a position that will allow me to be involved in our local New England Chapter. Having the opportunity to stay connected with the various techs involved in the SNMMI throughout New England is something I highly value. Seeing how the different processes work for the chapter has been very interesting and I'd love to continue to help out if I can.

Thank you,

Jared
